

Overview

Involving Your People in the Ethics Program Planning Process

Duration

- 45 – 60 Minutes

Introduction

In this lesson we will look at group decision-making procedures and how to effectively work together to address the areas of need identified in the previous lesson survey.

Learning Objectives

1. Identify the principles and understanding that lay the foundation for strategic group decision-making.
2. Identify the signs that a group demonstrates when struggling with effective decision-making.
3. Understand the pros and cons of the different decision-making procedures.

Essential Questions

1. What understanding does a group need to have about a problem to solve it effectively?
2. What are signs that my group is struggling with effective decision-making?
3. What is the group decision-making procedure that best fits my team, and why?

Learn The Basics

In this document, we will investigate how to get the most out of a group when making decisions together through different group decision-making best practices.

- These materials can be downloaded from the SparkTank Education lesson.

Apply Your Learning

In this lesson's application, we will work with the survey from the first lesson in this module and dig deeper into how we can improve the areas of need identified by the survey.
